Project Idea

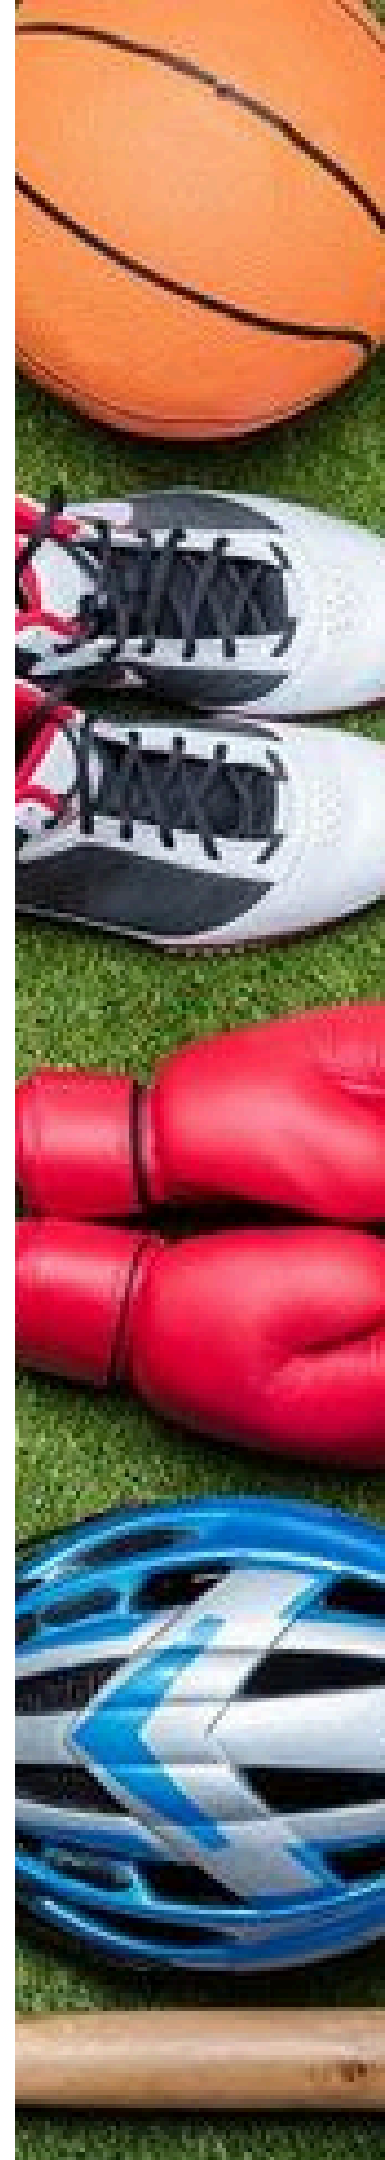

Treka Sport's plan involves making a complete online platform and a new brand look for a business that sells sports equipment to clubs, schools, and academies in both large and small amounts.

The project team is trying to make more people in Egypt know about the brand by managing social media to show Treka Sport's values of quality and skill.

The goal is also to show off the brand's good things, As this brand offers a huge variety of high quality products, with online ads that study people and rivals to get more attention, a better image, and more online sales.

Treka Sport's plan aimed to create a full online system and a modern brand image for a business that supplies and sells sports gear and items to clubs, schools, and academies, through both wholesale and retail methods.

Our group is working to increase awareness of the brand in the Egyptian market by building social media pages to show Treka Sport's identity and what it values in quality and skill.

Situational analysis

1.1 Overview of Treka Sport

In today's fast-changing world, where health and sports have become a lifestyle, "Treka Sport" has established itself as a standout brand in the sportswear market.

What started as a small dream has grown into a success story that inspires youth and sports enthusiasts everywhere. Despite fierce competition, the brand continues to meet customer expectations while seizing new opportunities and facing fresh challenges.

Situational analysis

1.2 Digital presence summary

- **Facebook:** 4.1 K followers with good activity and engagement.
- **TikTok:** Present but still underdeveloped.
- **Customer Channels:** WhatsApp, Telegram, and Facebook Messenger ensure quick communication.
- **Marketing Mix:** Relies on 80% organic content and 20% paid advertising.
- **Overall:** Active start, but still needs stronger SEO and more strategic paid campaigns to boost visibility and reach.

Work Plan

Situational analysis

1.3 Competitor analysis

Brand	Facebook Followers	Social Media Activity	Paid Ads Strategy	SEO / Search Visibility	Distribution Channels
Treka Sport	4.3K	Basic content, no paid ads	Mix of 80% organic content & 20% paid ads	Very weak (no optimization)	Physical stores + E-commerce
Matter Sports	7.3K	Strong promotional content (photos + videos)	Uses ads to boost reach	Better relative visibility	Focused on direct sales
Elgmal Sport	49K	Visual-heavy content focused on sales	Focused on offers and ads	Relatively good visibility	Wholesale + Retail
Smart Fitness	149K	Diverse content (offers + tips + products)	Seasonal campaigns	Average visibility	Stores + Online marketing

Work Plan

• SWOT Analysis

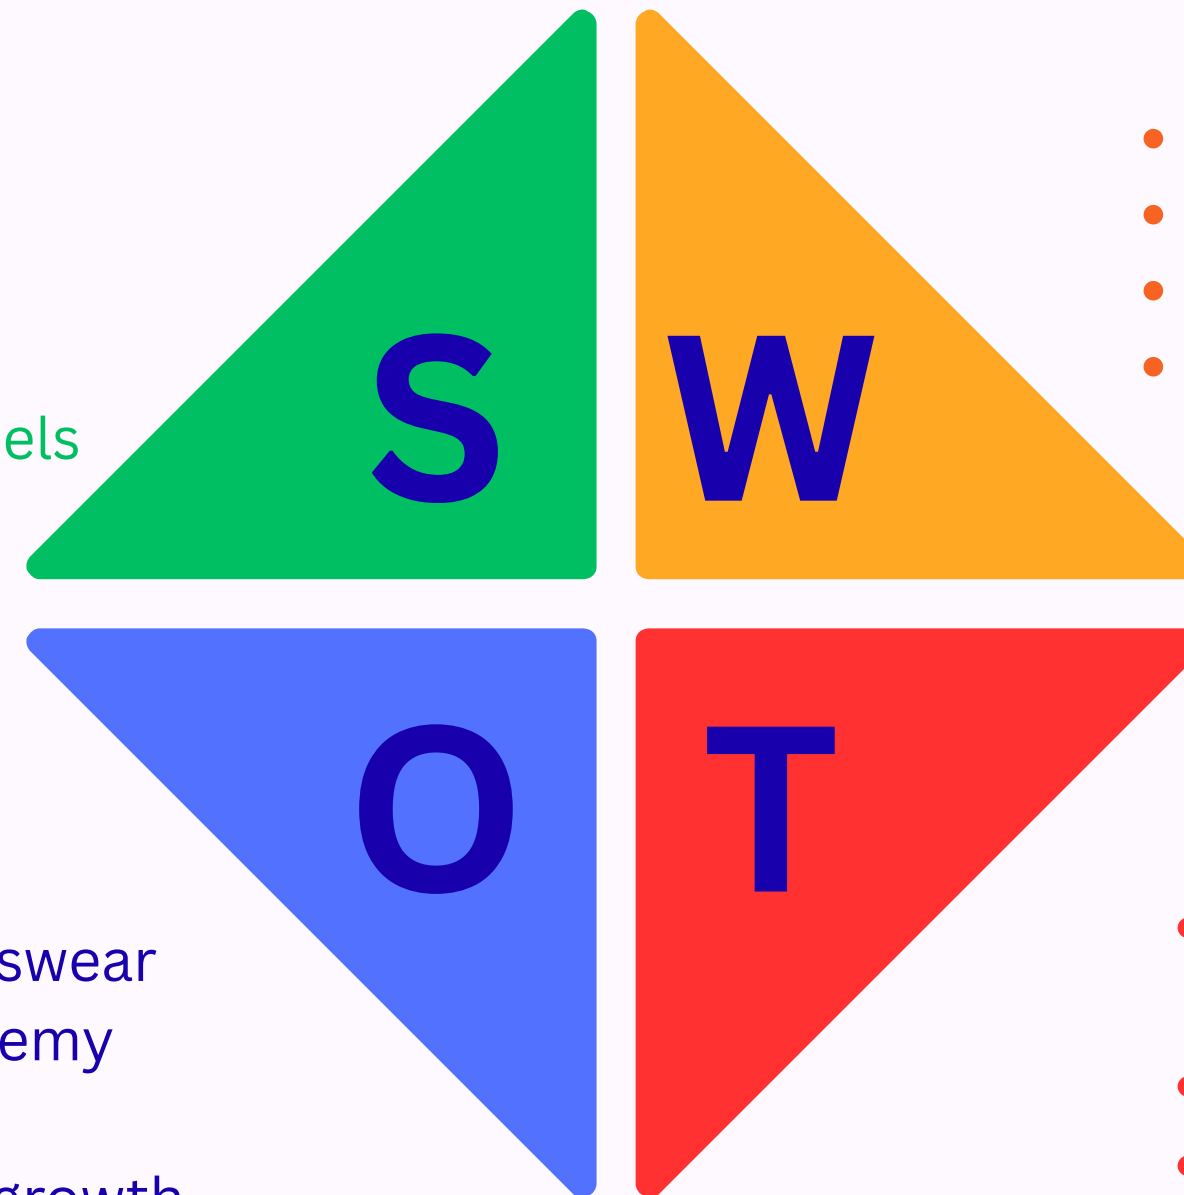

STRENGTHS

- Flexible business model (wholesale + retail)
- Strong customer service
- Competitive pricing
- Multiple distribution channels (stores + e-commerce)

OPPORTUNITIES

- Growing demand for sportswear
- Expanding youth and academy market
- Potential for e-commerce growth

WEAKNESSES

- Weak digital presence
- Insufficient digital content
- Limited brand awareness
- Reliance on only 20% paid advertising, limiting visibility

THREATS

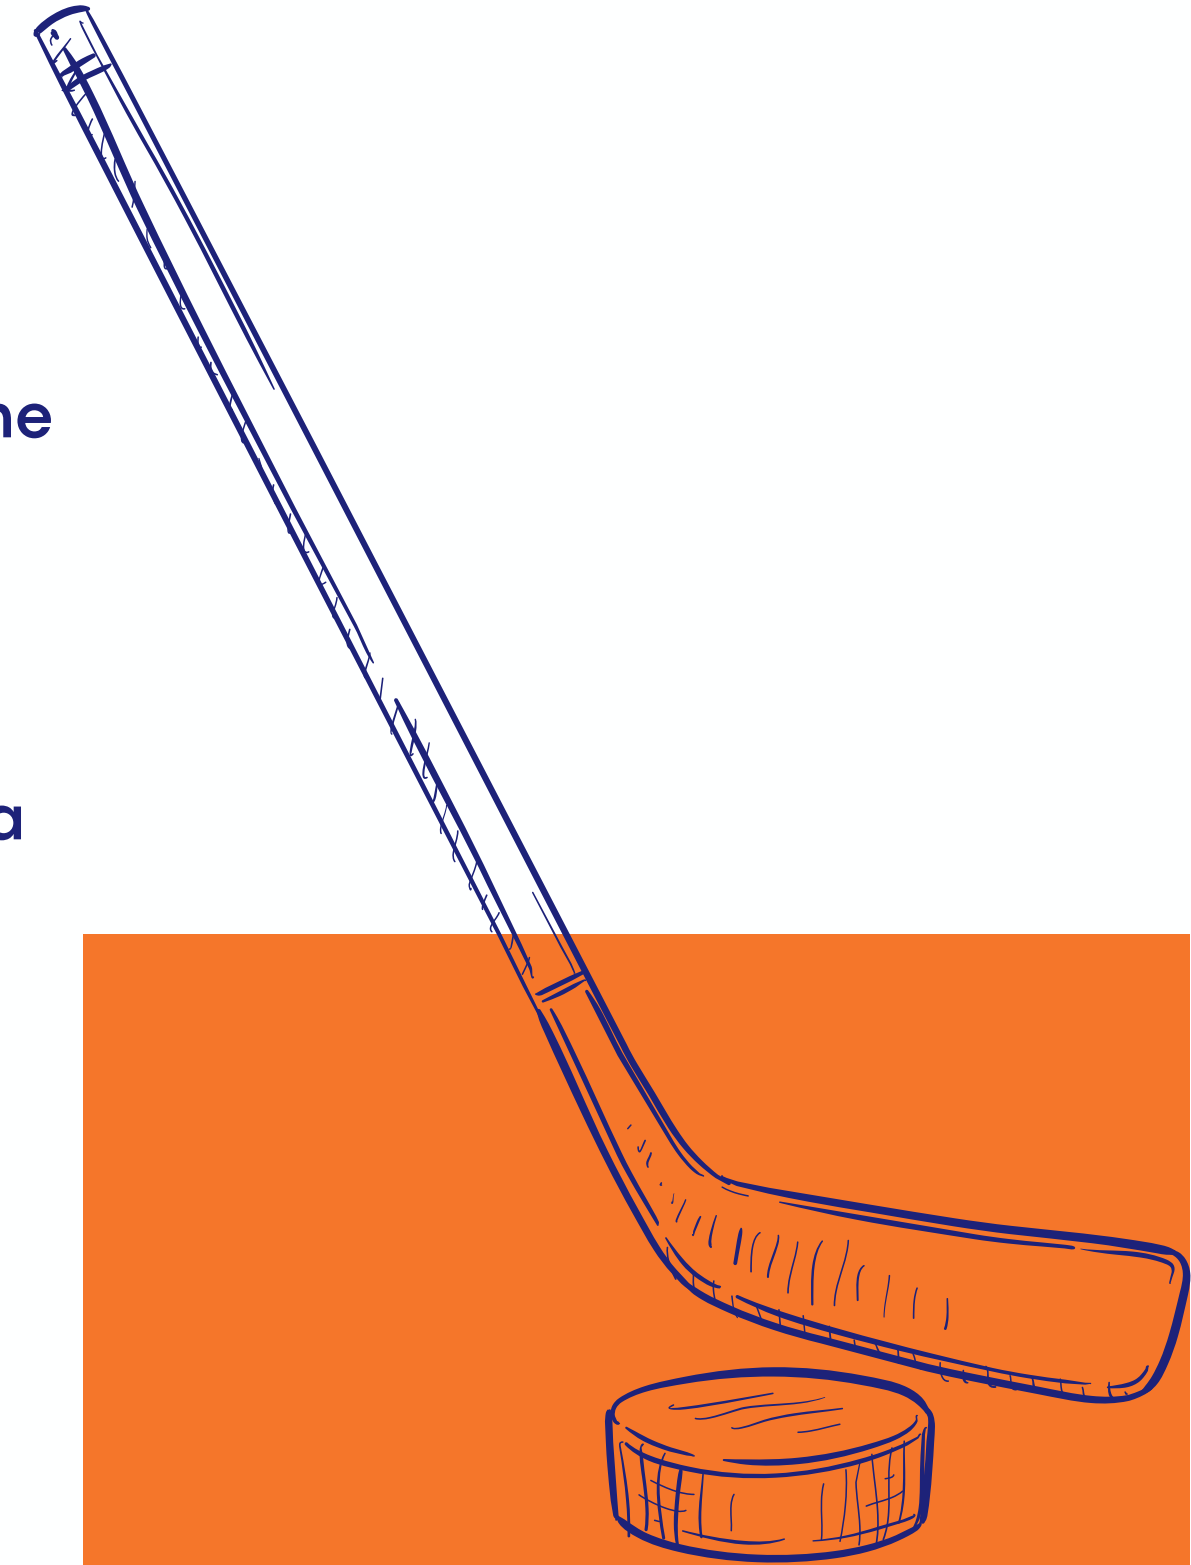

- Strong competition (local & global)
- Price fluctuations
- Changing consumer preferences
- Economic instability

Work Plan

• Content SWOT Analysis

Strong points

- Language/Tone of Voice: The use of Egyptian slang is suitable for the target audience (traders and customers).
- Product Quality: Products are characterized by high quality.
- Product Descriptions: Descriptions are concise, direct, and include a call to action (although some posts lack a link/contact number).
- Brand and Product Variety: Offers a wide range of brands and products (but needs to be added to the introduction section on the Facebook page).

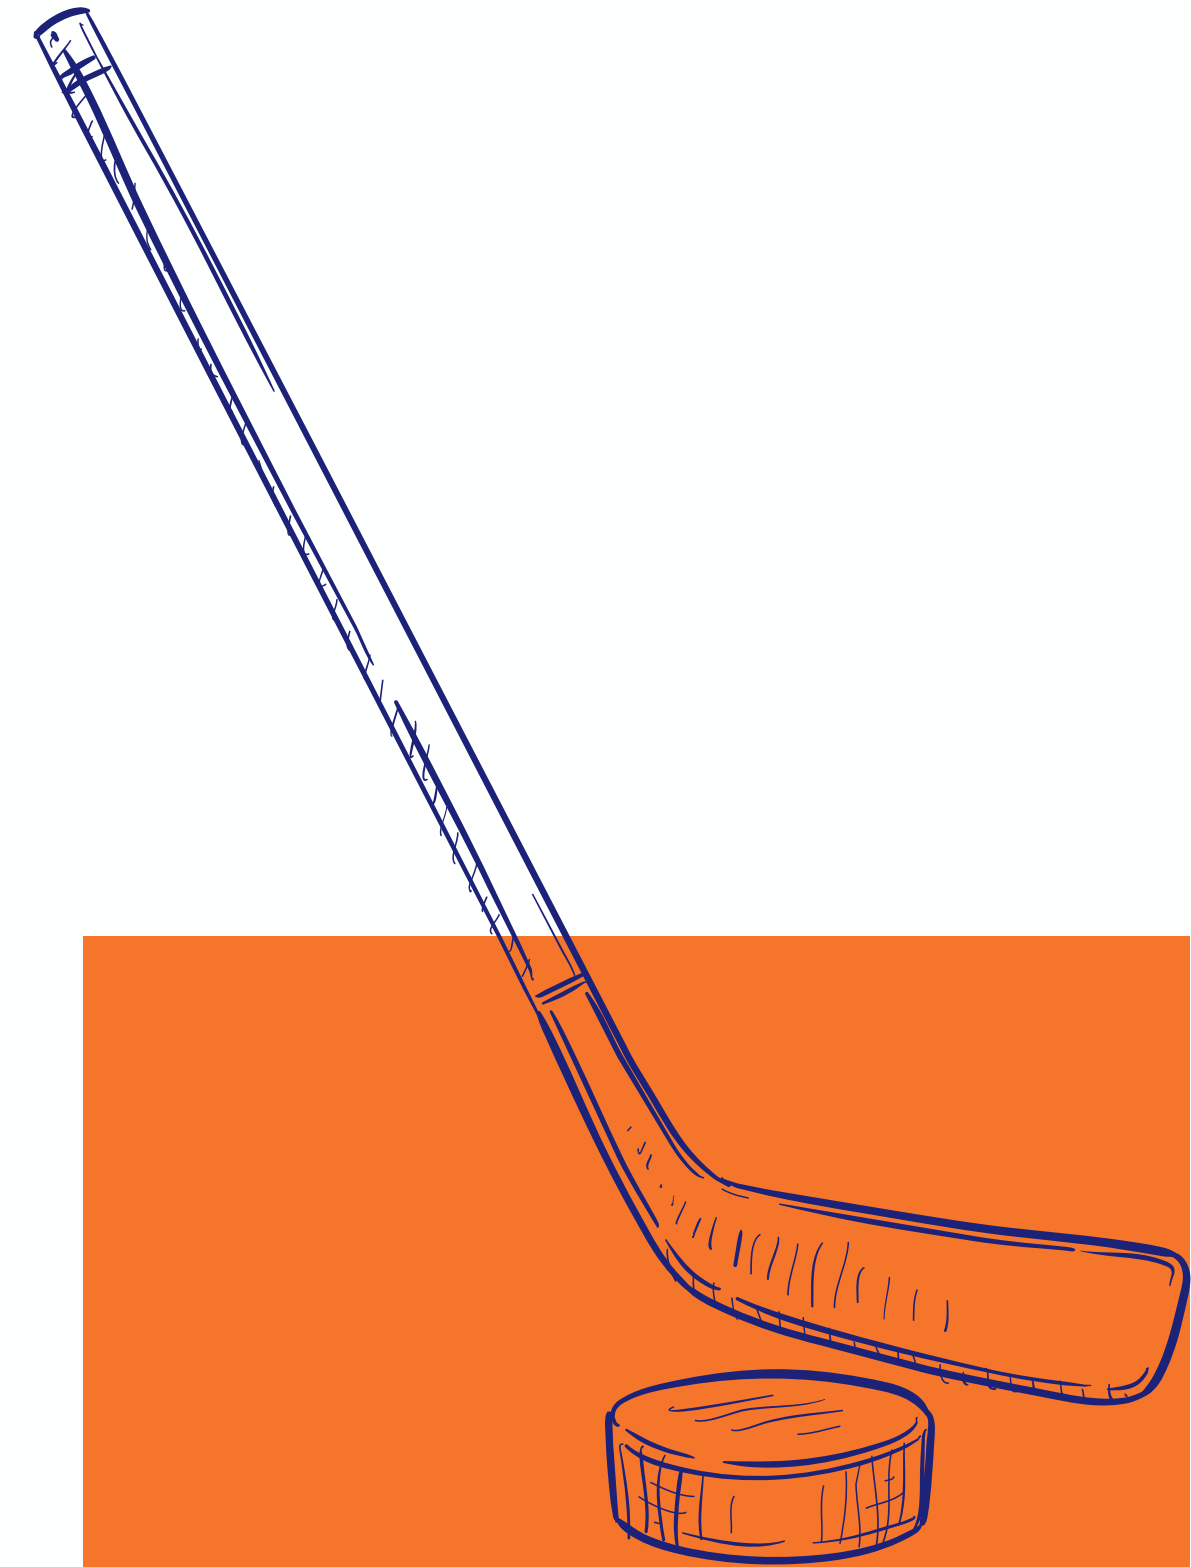

Work Plan

● Content SWOT Analysis

Weak points

Visual Identity: Lack of a unified visual identity for the brand; each post/photo/video is different. Adherence to the logo colors and a specific font is required for static posts (including events).

- **Photo and Video Quality:** The quality of photos and videos needs improvement. Avoid vibration in videos, shoot in better lighting, and display products more professionally.
- **Photo Backgrounds:** Photos have different backgrounds. A single basic background should be chosen for all photos of the same type/product.
- **Comment Rate:** The comment rate is very low, and most comments are only asking about the price.
- **Engaging Content:** There is a need for more engaging content (a challenge due to the target persona, but essential).
- **Video Audio:** The audio used in videos is not trendy or does not serve the content well.
- **Logo:** The logo is missing in most content.
- **Content Captions:** Content captions need a hook (e.g., problem and solution).
- **Customer Persona:** The customer persona needs to be clarified/addressed better in captions (school? club? event?...etc).

Work Plan

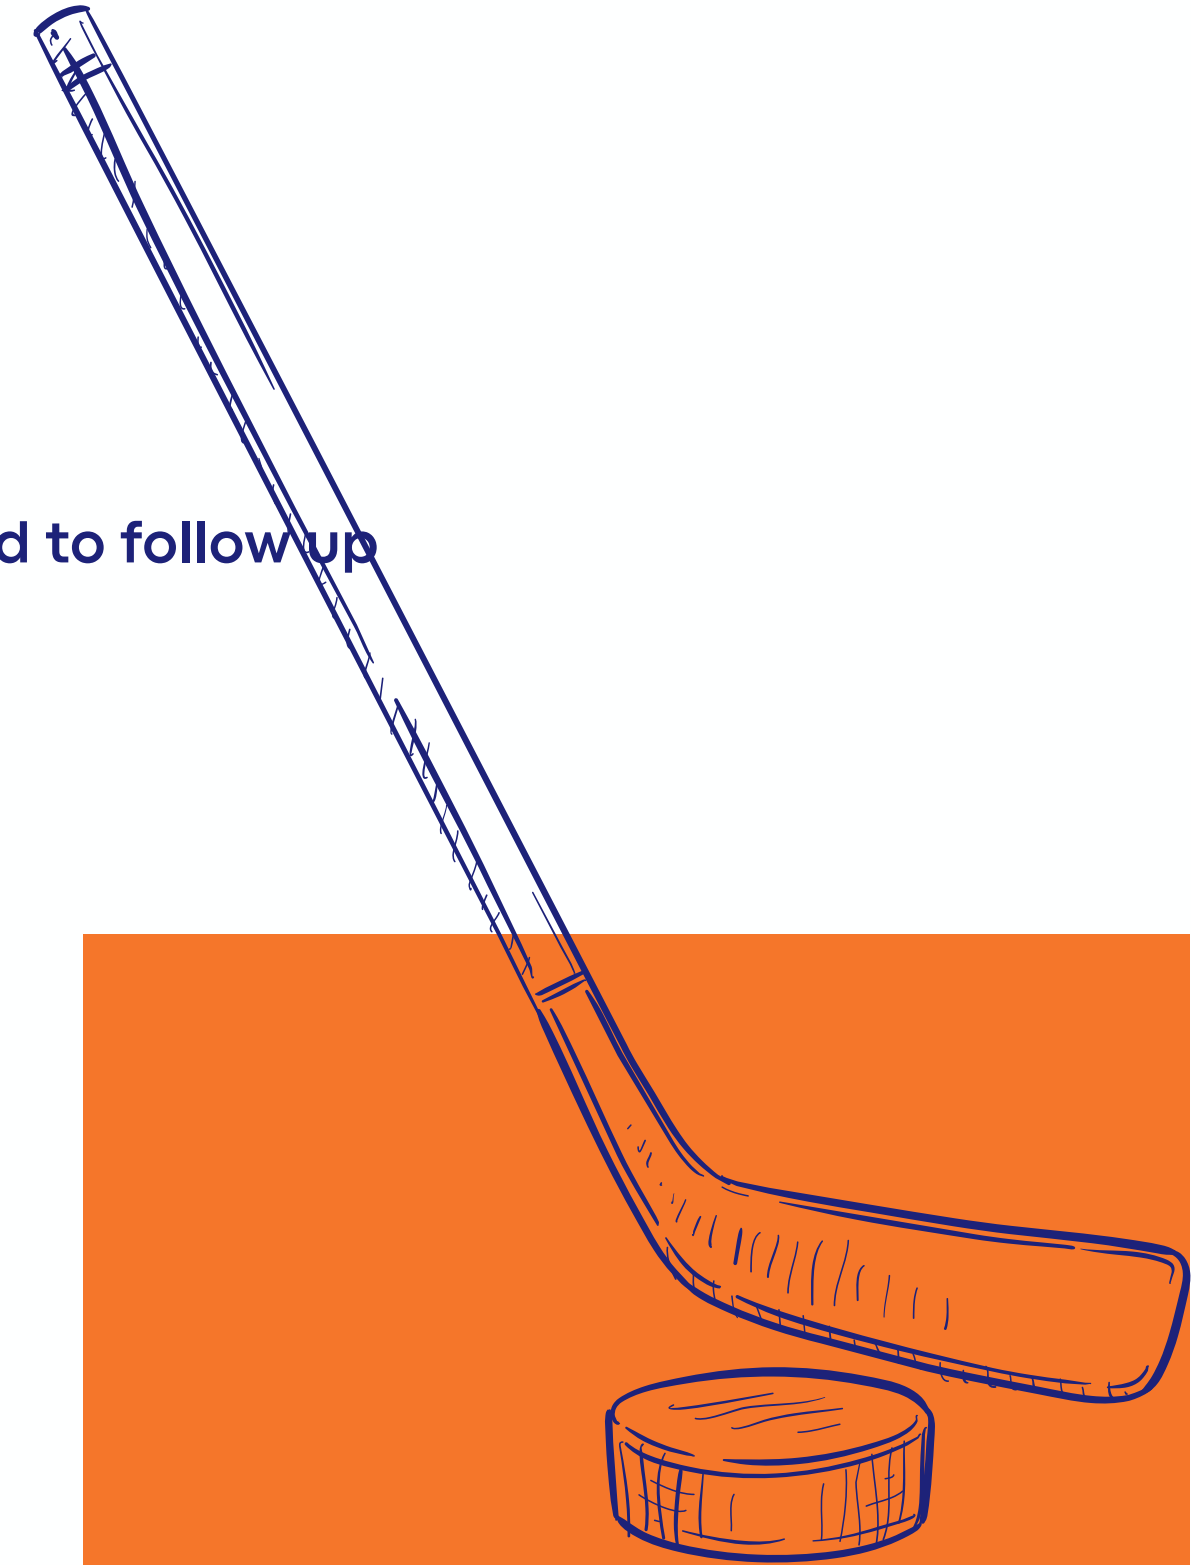

● Content SWOT Analysis

Opportunities

Sports Events and Clubs: Sports events and clubs are everywhere. There is a need to follow up on upcoming events and relate content to them or address them.

Threads:

- Strong competition (local & global)
- Price fluctuations
- Changing consumer preferences
- Economic instability

Improvement Suggestions

Use high-quality product photos with consistent lighting and background to strengthen brand perception

Add clear value propositions that explain what makes Trika Sport unique compared to competitors

Set a Strong Budget: This ensures effective marketing activities that can grow and reach a larger audience.

Build a Long-Term Strategy: Keep steady growth and adjust to market trends over time

Use Video Marketing: Videos tend to create more engagement than regular posts, helping connect better with the audience

Offer promotional deals such as discounts or reduced pricing on Products to attract more potential customers.

Content Strategy diversifies your content, focusing more on engaging visuals and videos that show products

Thank You

Treka Sport
